

From a private letter to Dr. Green, we are permitted to quote the words of E. L. Shirley, M. D., of Detroit, Mich., who is the recognized authority of the United States on lung troubles, and whom we alluding to this subject says: "It seems to me that for an all-the-year-round climate Tucson is the best."

A volume might be written on this subject, while in the foregoing we have only attempted to show a few of the many reasons we have for the faith that is in us. Tucson is provided with some well kept public houses for the accommodation of tourists and others, and our movement is on foot to provide others among them an elegant commodious hotel on the most approved modern plan to cost less than \$100,000. We explain to our friends at command, it behooves our people to bestir themselves to provide at least double the accommodations of this character, now accommodations of this kind are in store for us upon us by the advent of the coming winter. The tide is rising, and the power on each can prevent the flow of the tide from being a hindrance to enterprise to meet its requirements.

the appointment of an agent or the payment of a commission. The territorial government, however, had no authority to do so, and furnished full information upon the subject to many inquiries. No bids, however, were received previous to the expiration of the time for receiving them. Woffley to the contrary notwithstanding.

In regard to corresponding with David Henderson or the Anglo Bank of New York, the territorial government had no authority to do so, and in placing the bonds or in regard to Mr. Horton's ability to put up the money for them, no such correspondence was ever had.

As to the bonds, however, was had, and the heaviest financial houses in the country at New York, Boston and Chicago in referring to these bonds said Mr. Woffley was correct.

"After the Legislature met, and pending their proposed legislation, no action could properly have been taken.

"The action of the territorial legislature it is true that Mr. Horton by letter and telegram declared his ability to place \$1,000,000 of bonds at a stated price, and that he was ready to accept of the same. It had never been claimed that Mr. Horton had financial strength enough to buy the bonds himself, but that he claimed to have the money to place them, and he saw fit, and deemed it their duty, not only to accept Mr. Horton's

pioneers have already generously provided their ready and efficient aid. Let more of them come to the front.

Tomorrow we shall pursue this subject by opening with a general view of southern Arizona, and follow up the same in the manner already indicated.

INDUSTRIAL ITEMS.

It is stated that California has six ostrich farms.

Eight million wheels for vehicles are made in this country in one year.

Ceylon is becoming a rival of India in both cotton manufacture and tea culture.

The salmon fisheries of Alaska have yielded since 1884 more than the original cost of the territory.

WHAT is said to be the largest quartz mill in the world is in far-off Alaska. It consists of two hundred and forty stamps, ninety-six concentrators, twelve ore crushers, and requires five-hundred horse power. The plant is at Treadwell.

ries, but the most important question is will the British government compensate the thousands of people thus prohibited from making a living. These six factories are closed down by British warships at the demand of French naval officers without any regard to the rights of the fishermen who depend on the French factories or fisheries. The French assert that this is an open violation of the modus vivendi.

SAN DIEGO, July 13.—Col. William G. Dickinson, general manager of the Land and Town company, who is one of the best known business men in southern California, is now lying at the point of death in this city.

SAN DIEGO, July 13.—From information gleaned this morning, it appears that the Itata will not remain under arrest much longer. Judge Ross has

that proper steps be taken by this government in connection with European government to alleviate the wrongs of Russian Jews.

Lawrence T. Neal, Virgil P. Kline and M. M. Johnson were put in nomination for governor, and there were enthusiastic cheers when General Ryan of Cincinnati, Ohio, rose and nominated Campbell.

The first ballot resulted in Campbell, seven-sixteenths; Neal, 134 nine-sixteenths; Kline, 76; Johnson 7.

OTHER NOMINATIONS.

For lieutenant governor, W. V. Marshall was re-nominated by acclamation.

For auditor, T. E. Peckinpah was nominated.

even stronger than that of yesterday showed that the attack of the officers was criminally rash. The crowd was not so easily controlled as it seemed to be. It develops this morning that a well arranged plan to lynch the deputy marshals hung fire last night. Sixty citizens fully armed were up until 2 o'clock this morning debating whether or not the prisoners should be lynched. Better counsel prevailed and it was at last concluded to await the result of the inquest. There is an apparent determination on all sides to see justice done.

PITTSBURG, July 15.—At a meeting of the stockholders of the Westinghouse Electric company, held at the Westinghouse Hotel, it was decided to accept the plan of reorganization recently proposed. A new board of directors was elected, and

...his body has not yet been recovered. The accident occurred just after the train had left the tunnel and started to descend a steep grade. The engineer refused to work and the best the train rushed down the steep declivity at a frightful rate of speed and at the first curve jumped the track.

SONOMA, Cal., July 16.—This morning at 11 o'clock a spark from engine No. 39 of the Santa Rosa and Sonoma Road caught fire to the Sears farm two miles south of town. Before the flames could be subdued some fifty tons of hay, fifty acres of vineyard, one hundred acres of alfalfa and some 100 acres of orchard fencing were destroyed. Loss about \$2,500. This is the seventh fire that has been started on Sonoma valley farms in the past few weeks by engines.
